### INTRODUCTION

The Seventh Progress Report provides an update on the implementation of the Government's economic and social reform program presented at the International Conference for Support to Lebanon - Paris III on January 25, 2007. The report describes the steps taken by each of the natural owners of the reform program in the third quarter of 2008. This period covers the first weeks of reform implementation by Lebanon's unity government that was appointed on July 11, 2008 and voted to power on August 12, 2008.

### INSTITUTIONAL STRUCTURE FOR REFORM IMPLEMENTATION

The Government's Reform Program Coordination Office (GR PCO) at the Presidency of the Council of Ministers collaborated closely with the Monitoring and Support (M&S) units at the different ministries on the implementation and monitoring of the reform initiatives. A matrix management structure was established within the GR PCO. The structure consists of sector coordination units and horizontal units that provide support in areas related to reform implementation, legal support and communications.

### PROGRESS ACHIEVED DURING THE LAST QUARTER

The quarter under review was marked by political consensus building on key reform initiatives and public spending priorities. Reform implementation challenges include a long pipeline of key laws and amendments awaiting parliamentary approval and limited funding for technical assistance. However, these challenges have not prevented ministries from registering progress.

**Social Cluster:** The Ministry of Social Affairs (MoSA) mobilized grant financing for the piloting and national roll-out of the proxy-means testing for improved social targeting. The Ministry of Education and Higher Education (MEHE) progressed in establishing the Planning, Monitoring and Information Management Unit and the implementation of the Education Management Information System, which reached the final stages of completion. The automation of the branches of the National Social Security Fund (NSSF) has continued on schedule.

**Economic Cluster:** The Ministry of Finance (MoF) progressed in the automation of new tax audit procedures and initiated the rollout of the remote manifest registration to facilitate trade. The basis for the development of the Ministry's debt management capacity was laid with the ratification of the Debt Management Law by Parliament. The Ministry of Economy and Trade (MoET) streamlined business registration, reducing the time needed to start a business from 46 days to 11 days, a major factor in encouraging domestic and foreign investment. The four newly established Business Development Centers secured loan guarantees under Kafalat Plus and Innovative Schemes, facilitating the provision of loans to businesses.

**Infrastructure and Privatization Cluster:** The sequencing of key reform initiatives has been under review. The completion of the 2002 EDL financial statements contributed to increased financial transparency. Lebanon's integration into the regional electricity network reached a milestone with the completion of the Ksara 400KV station. Several key regulations were issued by the Telecom Regulatory Authority Board, including on interconnection, quality of service and pricing regulations.

### **RESOURCE MOBILIZATION**

Total signed agreements amounted to \$4,729 million, an increase of US\$ 20 million in the third quarter, representing 63 percent of pledges made at Paris III. It is estimated that \$2.6 billion were disbursed as of end September 2008, 56 percent of pledges. The slowdown, initially, and stagnation, subsequently, of resource mobilization in the past six months is ascribed mainly to the political stalemate and the transition. MOF continues to work closely with donors on converting their pledges to commitments, particularly with Saudi Arabia, the European Commission on budget support, and the World Bank on budget support and project financing.

### **GOING FORWARD**

In the next quarter, government focus will be on parliamentary work to ratify project loans and approve accumulated draft laws, which are essential to the success of the Government's reform agenda. Government priorities for reform action will be on debt and financial management, privatization, social protection and the broader issues of social development.

A donor Core Group Meeting will be held during the World Bank/IMF Annual Meetings in Washington D.C., October 11-13, where the Lebanese Delegation will discuss progress achieved in the implementation of the economic and social program and the approach to its funding. Also, bilateral meetings will be held with donors. The Lebanese Delegation will emphasize the continued commitment of the Government to reform implementation. In addition, efforts will continue to mobilize the remaining budget support pledges and to transform some of the pledged project support into direct and indirect budget support. In the next months, particular attention will be paid to meeting the technical and financial assistance requirements for the preparation and implementation of reform initiatives.

# IMPLEMENTATION OF THE REFORM PROGRAM

# IMPLEMENTATION OF THE REFORM PROGRAM

## 1. SOCIAL REFORM PROGRAM

### Ministry of Social Affairs (MoSA)

#### Summary of Key Achievements: July 2008 - September 2008

##### **Develop New Targeting Mechanisms for Social Safety Net Programs**

- The Ministry of Social Affairs will receive \$1.25 million out of the \$6 million Grant to the Lebanese Government that was negotiated with the World Bank for the "Second Emergency Social Protection Implementation Support Project". The grant to MOSA will support the establishment of a new targeting mechanism for social transfers by implementing the roll-out of the National Poverty Targeting Program for Social Safety Nets enabling the government to use it to target its social safety net programs aimed at improving living standards of the population. This will involve setting up an institutional structure to manage the national targeted program and will create a credible, accurate and automated database on the poor and vulnerable population, enabling an objective assessment of the households' welfare and their ranking established and fully operational.
- The Ministry of Social Affairs pursued discussions with the World Bank towards agreeing on a set of reform triggers aimed at improving the efficiency of Lebanon's Social Safety Net Program. This would pave the way for a second Reform Implementation Development Policy Loan to Lebanon. Reform triggers being discussed include among others:
  - (i) the completion of the piloting of the social targeting mechanism and up-scaling it at the national level as well as;
  - (ii) establishing of an institutional structure to manage targeted social assistance in Lebanon.

##### **Enhance Management of the Social Sector**

- After the completion of the Mapping of Local Development Projects and the establishment of database of local development projects, work is to be initiated in the preparation of region profiles (with needs and priorities for each region) that should serve as guiding tool for interventions at the local level.
- The identification of the institutional duplication in service provision by the Ministry of Social Affairs, Ministry of Education and Higher Education, and the Ministry of Public Health was completed.

## Ministry of Education and Higher Education (MEHE)

### Summary of Key Achievements: July 2008 - September 2008

#### **Consolidation of the "Policy, Planning, Monitoring and Information Management Unit"**

- Internal capacity is being strengthened through the pilot training unit and the launching of the "Sector Wide Approach".
- Implementation of information systems at the Ministry is in its final stages.
- Work on the Ministry's performance-based budget is on-going.

#### **Improvement in the efficiency and effectiveness of teachers**

- Training to teachers and inspectors is on-going.

#### **Enhancing the quality of education**

- The Ministry has installed a system to generate official exams, a first step to improved quality of education.

(See Appendix B for more details on progress)

## National Social Security Fund (NSSF)

### Summary of Key Achievements: July 2008 - September 2008

#### **Strengthen NSSF Governance and Administration**

- The national roll-out of the automation of the NSSF branches is underway.

#### **Audit, update and reform of the NSSF accounts and accounting practices**

- The audit of the 2002 accounts has been initiated.

#### **Rationalize and expand coverage of social insurance system**

- Assessment of the Government dues to the NSSF.

(See Appendix B for more details on progress)

## 2. ECONOMIC AND FISCAL REFORM PROGRAM

### Ministry of Finance (MoF)

#### Summary of Key Achievements : July 2008 - September 2008

##### Revenue Management and Administrative Reform at MOF

- Automation of new audit procedures risk analysis and scoring system, and development of a management reporting system in the revenue administration.
- Finalization of the regulations for the implementation of the Tax Procedure Code (TPC).

##### Budget and Financial Management Reform

- Draft budget 2009 circular issued, including: (i) a medium-term expenditure framework from which a global ceiling was set, and (ii) hard ceilings for line ministries.

##### Strengthen Debt Management Capacity

- Ratification of the Debt Management Law, necessary for the creation of a modern Public Debt Department.

##### Facilitating Trade

- Full implementation of the remote manifest registration and the remote declaration of storage in the Ports of Tyre and Saida. In Q4 2008, the MoF will fully implement the remote declaration storage in Masnaa.
- The Asycuda World application was published on Internet and implemented in the Ports of Tyre and Saida.
- Analysis of e-payment at the Lebanese customs has been achieved.

(See Appendix C for more details on progress)

Meeting on technology improvements at MoF

## IMPLEMENTATION OF THE REFORM PROGRAM

### Ministry of Economy and Trade (MoET)

#### Summary of Key Achievements : July 2008 - September 2008

##### Encourage Investments

- Streamlining of business registration: reduction of the time needed to start a business from 46 days to 11 and eliminating of one procedure. These improvements were recognized in the World Bank/IFC Doing Business Report 2009.
- Business Development Centers (BDC) were able to benefit from loan guarantees made available under the Kafalat Plus and Innovative Schemes, which have enabled Lebanese banks to issue 223 loans to existing and start-up businesses and helped generate 4,500 new jobs.

##### Business Environment

- Draft Information Technology Law is being discussed in Parliamentary Committees.

##### Promote Intellectual Property

- MoET/IPPO is in the process of offering public online access to a number of its services (e.g. trademark applications), as well as establishing an IT bridge with the Higher Council for Customs to enable verification at customs borders.

(See Appendix C for more details on progress)

### Office of the Minister of State for Administrative Reform (OMSAR)

#### Summary of Key Achievements : July 2008 - September 2008

##### Promoting governance and transparency in the public sector

- Public Procurement draft law is pending CoM endorsement.
- Public Procurement Administration draft law is pending parliament enactment.
- Recruitment of anti-corruption of experts has been delayed due to funding issues.

##### Modernization and upgrading of capabilities within the public sector

- E-Government initiatives are on-going but require further funding.
- Draft law for HR units in public administration has been reviewed and submitted to the Administration and Justice Committee, last quarter.

Meeting on administrative reforms

## Central Bank

### Summary of Key Achievements : July 2008 - September 2008

- . IMF reserves targets under the EPCA program were successfully met. As of August 3 2008, gross reserves exceeded the required floor.
- . Casino du Liban audited financial statements for the years 1999 to 2006 and Intra's audited financial statements for the years 2003 to 2006 were issued.

(See Appendix C for more details on progress)

## 3. INFRASTRUCTURE AND PRIVATIZATION PROGRAM

### Telecommunication Sector - Telecommunications Regulatory Authority

#### Summary of Key Achievements : July 2008 - September 2008

- . The Government of Lebanon, in its declaration, has adopted the Telecommunications Regulatory Authority liberalization plan of privatizing the mobile networks, incorporating Liban Telecom and liberalizing the broadband market.
- . The TRA has issued several regulations: interconnection regulation, quality of service regulation, type approval guidelines, pricing regulation, national numbering plan, licensing regulation, Lebanese National Frequency table.
- . The TRA completed and submitted to the Ministry of Telecommunications and all relevant stakeholders its annual report for the year 2007.
- . TRA has advanced in its coordination with the different Ministries and Government institutions on different processes, among others, type approval for equipments and handling consumer complaints.

Despite progress, issues remain pending:

#### Legislative Issues

- The recruitment of TRA staff remains, pending the enactment of Budget Law 2008.
- Issuing of the two decrees needed for the implementation of the broadband policy (drafts will be submitted by Q4 to the Minister of Telecom):
  - Decree allowing the access to the Republic of Lebanon's infrastructure and rights of way.
  - Decree on the pricing of the use of spectrum by licensed service providers.

#### Funding Issues

- The TRA has not yet secured direct funding from service providers to ensure financial independence as required by Law 431
- Only a partial amount of the approved TRA budget of 2007 and 2008 was disbursed
- TRA requires urgent funding due to the delay in the approval of the 2007 and 2008 budgets and the delay in privatization

#### Governance Issues

The reform of the telecommunications sector depends on the political decisions to:

- Privatize the two mobile networks
- Appoint Liban Telecom board of directors
- Appoint the new director general of telecommunications at MoT

#### Transfer of responsibilities

The TRA is looking forward to finalizing an MOU with the Ministry of Telecommunications on the coordination of the transfer of regulatory functions; The TRA submitted to the Minister of Telecommunications a first MoU for discussion in February 2008 and another one in September 2008. The TRA will be ready to assume the remaining 3 regulatory functions still with MoT (import licensing and authorizations; SNG licensing; and PMR licensing) by end of 2008.

(See Appendix D for more details on progress)

# IMPLEMENTATION OF THE REFORM PROGRAM

## Power Sector

### Summary of Key Achievements : July 2008 - September 2008

- . The Council of Ministers has approved the extension of the CRA contract, which will enable the consultant to proceed with the technical evaluation of the Customer Meter Management (CMM) bids.
- . Audit of the 2002 EDL Financial Statements was completed this quarter, which will increase transparency in EDL financial status.
- . Work in the Ksara 400KV substation has been completed, which is a stepping stone to enable Lebanon's integration into the regional network.
- . All preparatory work on the IPP has been completed.

(See Appendix D for more detail on progress)

## Ministry of Public Works and Transportation

### Summary of Key Achievements: July 2008 - September 2008

- . Progress was made in upgrading all airport security equipment in order to satisfy the standards of the International Civil Aviation Organization (ICAO). Equipment include the latest and state-of-the art scanners for body and baggage search and for explosives detection.
- . Progress was made in the rehabilitation and equipment of the fire and emergency department at Beirut Rafic Hariri International Airport (BRHIA) with four firefighting vehicles and two search and rescue boats to maintain services that comply with international standards in safety, operations and management.
- . Progress was made in the equipment of the BRHIA with the state-of-the art secondary navigation radar.

Meeting on transportation

## UPDATED RESULTS OF THE CONFERENCE

The Government of Lebanon continued to work with donors on fulfilling the Paris III pledges. With the majority of budget support and private sector support signed, the pace of new commitments has slowed significantly. The largest remaining unsigned amount relates to project lending, which requires a longer period to finalize the agreements and to implement. Tables 1 and 2 present the amounts pledged at Paris III and the amounts signed as of September 30, 2008.

Total signed agreements increased from \$4,709 million to \$4,729 million in the third quarter of 2008. The additional \$20 million in agreements were for private sector support (\$15 million) and project financing (\$4 million). Of the signed agreements, 23 percent are grants and 77 percent are in the form of loans.

- Total agreements for budget support remained at \$1,857 million. No additional disbursements were made during the second quarter (remaining at \$1,434 million).
- Total project support agreements reached \$1,034 million (30 percent of project support pledged). A new agreement was signed with Belgium for €3 million and one loan agreement with the Arab Fund for Economic and Social Development for administrative reform was ratified by Parliament. In addition, both Italy and Germany approved additional projects for Lebanon.
- In-kind support increased by \$1 million with Malaysia implementing projects in the South including building medical clinics and water wells.
- Private sector support registered an additional agreement and an increase in disbursements. Total agreements signed reached \$1,280 million (up from \$1,266 million) with an additional investment by IFC. Disbursements increased to \$645 million (mainly due to EIB disbursements).
- Signed agreements of support through United Nations agencies remained at \$122 million. Italy approved an additional €5 million for various projects.
- Signed agreements of support through the Civil Society Organizations remained at \$88 million. Italy approved an additional €3.8 million for various projects.

The Lebanese Delegation attending the World Bank/IMF meetings in Washington on October 11-13 will hold a Core Group Meeting and bilateral meetings with donors to brief on developments and the government's vision on the way forward, and as well to discuss support for Lebanon. The delegation will again emphasize the importance of shifting some of the remaining project support to budget support or indirect budget support. Indirect budget support, including covering the local counterpart required and cost overruns on projects, will allow faster implementation on existing projects.

The Lebanese delegation will also discuss with the International Monetary Fund the possibility of entering into a monitoring arrangement. An IMF mission was in Lebanon from September 22 to September 30, 2008. The results of the mission will be published in the next report.

Source: MOF collected data by September 30, 2008

In the third quarter of 2008, discussions regarding the unsigned pledges continued between the donors and the Ministry of Finance. The Ministry of Finance and European Commission are reviewing of the memorandum or understanding, loan agreement and grant agreement associated with the €80 million Macro-financial Assistance.

Discussions with the Arab Monetary Fund centered on the best type of facility for the remaining budget support. The Lebanese delegation to the World Bank / IMF Annual Meetings (October 11 - 13, 2008) will discuss the unsigned budget support, including that of the World Bank, EC and AMF.

<sup>2</sup> The number is revised downward from \$1,477 million, as was indicated in the last Progress Report, due to misclassification of Arab Monetary Fund support received, which is allocated to Banque du Liban.

## 2. Project Financing

By end September 2008, signed agreements amounted to \$1,034 million, out of \$3,499 million pledged for project financing. The increase of \$4 million represents the signature of a grant agreement with Belgium, detailed below. Table 6 shows committed and disbursed amounts for project financing. It is noted that complete information on disbursements for projects implemented by donors is not available.

**Table 5. Updated Summary of Project Support (US\$, million)**

## UPDATED RESULTS OF THE CONFERENCE

In the third quarter of 2008, the following progress was achieved:

### Italy

On September 4, 2008 the Italian Ministry of Foreign Affairs approved additional €8.8 million for projects in Lebanon. The grants include €4 million for water supply projects in North Lebanon; €0.3 million for complementary works on the Baabda hospital; €1.5 million for rehabilitation of Khan el-Ishli in Saida; €0.7 million for the conservation of the Chamaa Castle; €2.3 million for a research boat for environment monitoring and sustainable development.

### Belgium

On 21 August 21, 2008, the Council of Ministers approved an agreement between Belgium and the Council for Development and Reconstruction for the rehabilitation and the equipment of the Tebnin Public Hospital. The agreement is for a grant of €3 million.

### Arab Fund for Economic and Social Development

On August 26, 2008 one of the four loans signed between the Arab Fund for Economic and Social Development and CDR was ratified by Parliament. The loan, KWD 9 million (\$34 million), provides financing for a project at the Office of the Minister of State for Administrative Reform.

### Germany

Progress has continued on the different projects implemented by CDR in cooperation with Germany. In addition, the German Embassy announced that it will be provide additional:

- €6 million loan for the project of protection of the water source of Jeita;
- €1.2 million grant for technical assistance for the project of protection of the water source in Jeita, and
- €4 million additional grant for the environment fund, particularly for projects in the North of Lebanon.

No formal agreement has been signed as of end September 2008.

### 3. In-Kind Contributions

Signed in-kind contributions totaled \$306 million. In the third quarter of 2008, the project financed by Egypt to rehabilitate the Jiyeh Power plant, executed by Petrojet, was completed. Malaysia notified the Ministry of Finance that it is undertaking the construction of several health centers in the south (the amount of US\$ 1 million was adjusted, from budget support to in-kind).

## B. SUPPORT TO THE PRIVATE SECTOR

Private sector support signed into agreements increased to \$1,280 million (up from \$1,266 million) at the end of September 2008, representing 89 percent of the pledged amount in Paris III.

**Table 7. Summary of Private Sector Support (US\$, million)**

Donor	Pledged	Signed	Disbursed to Intermediaries

<b>Total</b>	<b>1,463</b>	<b>1,280</b>	<b>645</b>

Source: MOF, BDL collected data by September 30, 2008

Since the progress report of July 2008, developments concerning private sector support were as follows:

### European Investment Bank

- On 31 July 2008, EIB disbursed the third tranche of the €60 million loan managed by the Banque du Liban to support the Lebanese private sector. The disbursement of €12 million brings the total disbursed to €47 million. These funds are disbursed in turn by BdL to approved private sector applicants. One additional tranche is expected during the fourth quarter of 2008.
- EIB reported that €20 million was disbursed on 31 July 2008 to Audi Bank as part of the commitment to provide credit to small and medium-term enterprises.
- France, through the Agence Française de Développement continued disbursing its private sector support. As of end September 2008, €43 million has been disbursed. The commercial sector received 47 percent of the loans, the industrial 31 percent and the health 9 percent. The tourism, agriculture, and construction sectors received the remaining 13 percent.

### World Bank Group - International Finance Corporation

- On 17 July 2008, the International Finance Corporation (IFC) - a member of the World Bank Group - invested \$15 million in a Lebanese construction company (Butec Group S.A.L. Holding).
- Subsequently, IFC reported that its investments in Lebanon reached \$315 million.

## UPDATED RESULTS OF THE CONFERENCE

### C. SUPPORT THROUGH THE UNITED NATIONS

Updated information indicates that support channeled through the United Nations agencies increased to \$324 million end September, up from \$318 million end June 2008. Based on donor reporting, it is estimated that \$122 million has been signed and transferred to the various United Nations agencies.

Since the last progress report, Italy's Ministry of Foreign Affairs approved grants totaling €5 million to finance various projects through the United Nations system in Lebanon. €480,000 to support gender equality in education, in cooperation with UNESCO; €40,000 to improve and develop

a strategy for modernizing Parliament, in cooperation with UNDESA; €600,000 to the International Labor Organization; €300,000 to the International Organization for Migration; €1,200,000 to UNICEF; €1,200,000 to UNDP, €300,000 to UNIDO; and, €1,000,000 to UNRWA.

Lebanon Recovery Fund Steering Committee Meeting

## D. SUPPORT THROUGH CIVIL SOCIETY ORGANIZATIONS

As of end September 2008, \$88 million was signed into agreements, out of \$98 million support pledged to be implemented through civil society organizations.

In the third quarter of 2008, Italy reported that the Ministry of Foreign Affairs approved the following grants:

- €995,100 to conserve and protect the Assi river, with the participation of the International Union for the Conservation of Nature;
- €1.6 million for a project to improve water usage and management in seven municipalities of the Tyre Caza to be implemented by Italian non-governmental organizations;
- €1.2 million for a project to provide infrastructure in 12 villages of Mount Lebanon that host displaced populations, to be implemented by Italian Development Cooperation Office.

# APPENDICES

## APPENDIX A
