The Ministry of Finance issued a circular concerning the launch of a feature on its website allowing the calculation of the personal Income Tax:

“The Ministry of Finance would like to inform taxpayers subject to the personal Income Tax that, in order to strengthen cooperation and facilitate the procedures aiming to ensure proper tax compliance, it has made a new feature available on its website [www.finance.gov.lb](http://www.finance.gov.lb). This feature calculates the Income Tax due on their total profits deriving from their participation in partnerships, limited liability companies and limited partnerships or from exercising a profession subject to the personal Income Tax.”

You can access this new feature through the following link:
